The World's Rope Skipping Experts®

How does the subscription work?

Step One - Choose the total length of cord you require.

Step Two - Choose your cord and handle colors.

Step Three - Choose your message to go on the cord.

Step Four - Approve final message to appear on cord.

Step Five - Choose the rope lengths you require.

Step Six - Receive first delivery around 4 weeks after approval of artwork. Your custom ropes will be delivered every 3 months for the length of the contract.

Do I have to choose one length of rope?

No! You are purchasing linear feet of custom cord. You choose the lengths of ropes you require and change them as needed at least 30 days before your next shipment.

How are the ropes branded?

We place whatever logo and/or text you want along the length of the rope cord. It can be up to 8" long and it is repeated continuously on the cord. The printing is in highly visible silver ink and is 3/32" tall.

Are shipping costs separate?

No! Shipping is included in the price of the monthly fee. American and international customers will have a surcharge added to their monthly fee to cover the cost of shipping.

Do you offer other jump rope options?

Yes! We have been manufacturing and developing jump ropes and resources since our founding over 28 years ago. We make small and large runs of custom ropes in volumes from hundreds to millions. Contact us to discuss your jump rope needs.
